

DIVERS SEARCH FOR SHOTGUN IN PACIFIC

Seek Weapon Used by Person Who Murdered Kennedy at His Cottage.

READY TO PRESENT CASE

Officers Also After Mysterious Package Which Suspect Carried From Hotel.

LOS ANGELES, Aug. 10.—Divers were sent down into the Pacific Ocean late today in an effort to find the shotgun used by the person who shot down J. Edgar Kennedy at his cottage in a dark suburb here Friday night. At the same time preparations were made by the District Attorney's office to present the case to the county Grand Jury to-morrow.

Belief was expressed that the gun had been thrown into the ocean off Santa Monica canyon, eight miles from the Kennedy cottage. The fifteen witnesses who will be summoned before the Grand Jury, the prosecutors announced, will not include Mrs. Madeline Obenchain, who was allowed to obtain a divorce so that she might marry Kennedy and who was his companion on the night of the slaying, and Arthur C. Church of Evanston, Ill., schoolmate of Mrs. Obenchain and her former husband, Ralph, while they were students at Northwestern University.

Both Church and Mrs. Obenchain were held in jail in connection with the case. The funeral of Kennedy was held today from the chapel of an undertaking firm here.

Receipt of a large black bag, addressed to Mrs. Obenchain at her hotel, was announced by the District Attorney, who, however, after a hurried examination refused to make public what it contained. The bag was sent from a San Francisco hotel.

Dick Parsons, automobile rental agent, who said he had supplied Church with a car several times before Kennedy's death, told the officers today that Church had a woman companion on several of his trips. Mrs. Obenchain when asked if she was the companion declined to answer questions.

In addition, searching the ocean floor for the missing shotgun Sheriff's officers continued a search of the Wilshire district, where Church said he had thrown away some newspapers said to have been wrapped around a mysterious package which Church carried from his hotel the night of the slaying.

Relatives and friends of both prisoners have come to their assistance. Mrs. Obenchain's mother and sister have visited her frequently and have procured support for her. Church's parents at Evanston have telegraphed assurance of support and have arranged for counsel.

J. W. McCarthy, seventy-four years old, who made a great fortune out of asphalt on the island of Trinidad and won for himself the title of "King of La Brea" and sobriquet of "The Terror," reached port yesterday on the Trinidad liner Marlborough.

The asphalt magnate, who went to Trinidad when a boy, is on his way back to visit his old home in Nova Scotia, where he had grown up with the asphalt magnate, La Brea, sixteen miles from Port of Spain, and had had to rule with an iron hand in the early days when men were rough and the country little known.

George E. Webster, second officer of the ship, reported that a raft thirty feet square, tossed on the Cape Atlantic, three hundred miles off Cape Hatteras, was sighted on August 2. Making out a track of the sea might have been enacted on the float he notified the Hydrographic Office at Washington.

JITNEY MEN TO FIGHT IN SUPREME COURT

Organize to Combat Law Barring Them From Streets.

SPECIAL DESPATCH TO THE NEW YORK HERALD.

NEW HAVEN, Aug. 10.—Barred from the streets and highways of many States by the new State laws, jitney men here to-day were that the law of this vicinity, following the enforcement of the new State law, will carry their fight to the Supreme Court of the United States in order to test the constitutionality of the measure which is similar to that now in force in other States.

For this purpose nearly 100 jitney owners have banded together and have retained as counsel attorneys Robert J. Woodruff and Arthur Klein, who are prominent in the jitney legal controversy which arose when officials of the State enforced the new statute, which rules jitneys from streets unless they are authorized to operate by the Public Utilities Commission.

SPECIAL DESPATCH TO THE NEW YORK HERALD.

CHICAGO, Aug. 10.—Federal officials today recovered \$100,000 of the mail robbery loot of the Worthington gang in a Cleveland bank. The money was placed as collateral and a large loan negotiated. Then John W. Worthington and his accomplice, who is indicted but whose name is being withheld, disappeared.

The banks probably will have to stand the loss as they went into the deal with their eyes open," John W. Clinch, Assistant District Attorney, said today. "We hope recovery of the loot from the Ohio banks which Worthington and his aid victimized."

RAILROAD'S PARLEY WITH MEN DELAYED

Extension of 15 Days Granted to Pennsylvania Line by U. S. Labor Board.

CHICAGO, Aug. 10.—The Pennsylvania Railroad Company to-day was granted a fifteen day extension of time in which to arrange conferences between the road and duly authorized representatives of the employees, according to an announcement made late today by the Railroad Labor Board.

The board's official statement said: "At the request of Samuel R. Patterson, president of the Pennsylvania Railroad Company, the United States Railroad Labor Board has extended the time provided by decision No. 218 fifteen days from August 10. Decision 218 directed that conference be held between the Pennsylvania Railroad and the duly authorized representatives of the United States Railroad Labor Board to meet with their union employees and arrange details for a new election of working agreements."

The last threat of a strike disappeared to-day when H. S. Jeffery of this city, chairman of the advisory board of the Pennsylvania Railroad, announced the union would rely on American patriotism and public sentiment to force the road to obey the transportation act.

Mr. Jeffery, in a statement, pointed to a paragraph in the Labor Board's decision which provided that in the event either party believed the decision is not complied with, a complaint should be filed with the board.

This was taken to mean the shopmen would make another appeal to the Labor Board in case the Pennsylvania Railroad refused to recede from its position.

EX OFFICIALS NOW PROSECUTE CLAIMS

Their Appearance in Actions Against Government Arouses Attorney-General.

MANY COMPLAINTS MADE

Representative Edmonds Cites Case Involving Former Secretary of State Lansing.

SPECIAL DESPATCH TO THE NEW YORK HERALD.

WASHINGTON, D. C., Aug. 10.—The appearance of large numbers of former Government officials and employees as attorneys or agents for persons having claims against the Government, as exclusively reported in this New York Herald, has become so flagrant as to make legislation on the subject highly desirable, according to statements made to-day before the House Judiciary Committee by Attorney-General Daugherty and Representative Edmonds of Pennsylvania.

Mr. Daugherty, while carefully avoiding personalities, said that numerous cases of the sort complained of had been called to his attention. Representative Edmonds, whose bill to strengthen the law against the British and the attention of the British Government, cited a case in point, involving the firm of Lansing & Woolsey, international lawyers, of which former Secretary of State Robert Lansing is the senior partner.

"I have here a letter from Thomas Carver Patterson, a retired lawyer of Philadelphia," said Mr. Edmonds. "In this letter Mr. Patterson states that he was a member of the Lansing & Woolsey firm, and that he was one of the Americans who sailed for Europe aboard the German ship *Prinz Adalbert*. This ship was held up by the British and its passengers detained about two weeks. They put in modest claims for the extra expenses incident to the delay. They asked no damages. Mr. Patterson, however, presented the claims of his fellow passengers to the State Department without a fee.

"He did so, but could never get the State Department to bring the matter before the British. He was not long after Mr. Lansing retired from the State Department Mr. Patterson received through the mail the announcement that the Lansing & Woolsey firm was to be liquidated. On the bottom of the card was written in ink: 'Special attention paid to claims against foreign governments.'"

Mr. Edmonds said the old law had become a dead letter, while it was not being revived he felt it should be strengthened by including a penalty of a fine of \$10,000 or imprisonment for two years or both for its violation.

SCORES SEE MAN DROWN.

Bernard McGinty Sinks Off East Forty-ninth Street.

The drowning struggles of Bernard McGinty, 34, of 84 West Forty-ninth street, were watched by about a hundred men and women yesterday at the foot of East Forty-ninth street. McGinty had gone into the East River with several boxes and was seen to struggle fifty feet when he called for help. It was noontime and many workers in that district had gathered at the waterfront.

Cries were raised by women on shore and the shores of the Hudson. McGinty was seen to struggle and to sink down. Other swimmers went to his aid, but could not find him, although they dived many times. Patrolman Hughes of the East Fifty-first street station went out on a patrol boat and finally called the harbor police, who began a search for the body. McGinty was the brother of a city fireman.
